

I see you, you (4)_____ I see you

Fill in the gaps

You were never young, my love	I break through	
I can tell, not by the way that you smell	To get to you	
But by the way you move your tongue, my love	It's so true, it's so true	
Somebody shake me	I see you	
What can I do?	You know that I see you	
Am I in love with the night?	And you know (5) it don't cost a thing	
Am I in love with you?	For us to see this through	
Will you take what I've got?	I crossed the party line	
Will we die on the spot?	And lost it just to find it	
Too soon to say	All the people (6) upon the beat	
What's (1) name, anyway?	And get behind it	
You make me	I want you to myself	
Make moves	Can we take (7) somewhere else?	
I see you, you (2) I see you	My heart's an open book	
I break through	And you just took it off the shelf	
To get to you	You (8) me make moves	
It's so true, it's so true	I see you	
I see you	You know I see you	
You know that I see you	I break through	
And you know that it don't cost a thing	To get to you	
For us to see this through	It's so true, it's so true	
When you came into focus	I see you	
How could I?	You know that I see you	
How could I pretend I (3) notice?	And you (9) that it (10) c	ost a
An incision when you looked back	thing	
You gave me tunnel vision right through the pack	For us to see this through	
Will you take what I've got?	Touch me it's true	
Will we die on the spot?	I see you	
Too soon to say	You know that I see you (I see you, I see you)	
What's your name, anyway?	And you know that it don't cost a thing	
You make me make moves	For us to see this through
