

## Fill in the gaps

In two more years, my sweetheart	Two more years, there's only two more years
We will see (1) view	Two (8) years, there's only two more years
Such longing for the past for such completion	In two more years so hold on
What was once golden	Two more years, there's only two more years
Has now turned a shade of grey	Two more years, there's only two more years
I've become crueler in your presence	In two more years so hold on
They say, be brave	You don't need to find answers
There's a right way in a (2) way	For questions never asked of you
This (3) won't last for ever	You don't need to find answers
This pain won't last for ever	You don't need to find answers
Two more years, there's only two (4) years	For questions never (9) of you
Two more years, there's only two more years	You don't need to find answers
In two more years so hold on	Dead weights, balloons
Two more years, there's only two more years	Drag me to you
Two more years, there's only two more years	I've become crueler, since I met you
In two more years so hold on	I've become rougher, this world is killing me
You've cried enough this lifetime	You don't need to find answers
My (5) polar bear	For questions never asked of you
Tears to fill a sea to drown a beacon	You don't need to find answers
To start anew all over	
Remove (6) scars from your arms	You don't need to find answers
To start anew all over (7) enlightened	For questions never asked of you
I know (I know), my love	You don't need to find answers
This is not the only story you can tell	
This pain won't last for ever	
This pain won't last for ever
