

Fill in the gaps

Said (1) never leave her	If you're pretending from the start like this
'Cause her hands fit like my t-shirt	With a tight grip, then my kiss
Tongue tied over three words, cursed	Can mend your broken heart
Running over thoughts that make my (2) hurt	I might miss everything you said to me
Bodies intertwined with her lips	And I can lend you broken parts
Now she's feeling so low (3) she went solo	That might fit like this
Hole in the middle of my heart like a polo	And I will give you all my heart
And it's no joke to me	So we can start it all over again
So can we do it all over again	You'll never know how to make it on your own
If you're pretending from the (4) like this	And you'll never show weakness for letting go
With a tight grip, then my kiss	I guess you're still hurt if this seed's sown
Can mend your broken heart	But do you really wanna be alone?
I might miss everything you said to me	If you're pretending from the start (7) this
And I can lend you broken parts	With a tight grip, then my kiss
That might fit like this	Can mend your broken heart
And I will give you all my heart	I might miss everything you (8) to me
So we can start it all over again	And I can lend you broken parts
Can we take the (5) road	That (9) fit like this
Two days in the same clothes	And I will give you all my heart
And I know just what she'll say	So we can start it all over again
If I make all this pain go	If you're pretending from the start like this
Can we stop this for a minute	With a tight grip, then my kiss
You know	Can mend your broken heart
I can tell that your heart isn't in it or (6) it	I might miss everything you said to me
Tell me with your mind, body and spirit	And I can lend you broken parts
I can make your tears fall down	That (10) fit like this
Like the showers that are British	And I will give you all my heart
Whether we're together or apart	So we can start it all over again
We can both remove the masks	
And admit we regret it from the start
