

## Fill in the gaps

Well we all have a face	She refused to (15) answer
That we hide away forever	It was (16) I felt the stranger
And we take them out	Kick me right between the eyes
And show ourselves	
When everyone has gone	Well we all fall in love
Some are satin some are steel	But we disregard the danger
Some are silk and some are leather	Though we share so many secrets
They're the faces of the stranger	There are some we never tell
But we love to try them on	Why were you so surprised
Well we all (1) in love	That you never saw the stranger
But we disregard the danger	Did you ever let your (17) see
Though we share so (2) secrets	The (18) in yourself?
There are (3) we (4) tell	Don't be afraid to try again
Why (5) you so surprised	Everyone goes south
That you (6) saw the stranger	Every now and then
Did you (7) let your (8) see	
The stranger in yourself?	You've done it why can't someone else?
Don't be afraid to try again	You should (19) by now
Everyone (9) south	You've been there yourself
Every now and then	You may never understand
	How the (20) is inspired
You've done it, why can't someone else?	But he isn't always evil
You should (10) by now	And he is not always wrong
You've been there yourself	Though you drown in good intentions
Once I (11) to believe	You (21) never quench the fire
was such a great romancer	You'll give in to your desire
Then I (12) (13) to a woman	When the (22) comes along
That I could not recognize	
When I (14) her for a reason
