

Fill in the gaps

Oh, come along with me	Come along now, come along and you'll see
Play with it while you have hands	What it's like to be free
Dust settles, cities (1) to sand	Come along now, come along with me
Trespassing this is their land	And I'll ease your pain
Time flies, make a statement, take a stand	Come along, (6) along with me
Come along now, come along with me	And let's seize this day
Come along now, come (2) and you'll see	Oh, come along with me
What it's like to be free	Time flies, make a statement, take a stand
Come along, come (3) with me	Time flies, make a statement, take a stand
Come along now, come along and you'll see	Time flies, make a statement, take a stand
What it's like to be free	Time flies, (7) your chance
Come along now, come along with me	Come (8) now, come along with me
And I'll ease your pain	Come along now, come along and you'll see
Come along, come (4) with me	What it's like to be free
And let's seize this day	Come along, come along with me
Come along, come along with me	Come (9) now, (10) along and you'll
Stay out, stay clear, but stay close	see
Friends, foes, God (5) knows	What it's like to be free
Let's be the thorn on the rose	Come along now, come along with me
Time flies, make a statement, strike a pose	And I'll ease your pain
Come along now, come along with me	Come along, come along with me
Come along now, come along and you'll see	And let's seize this day
What it's like to be free	Oh, come along with me
Come along, come along with me
