Long Road To Ruin by Foo Fighters

Here now, don't make a sound	Under the cold streetlights
Say, have you (1) the news today?	No tomorrow, no (5) end
One flag was taken down	Long road to ruin there in your eyes
To raise another in its place	Under the cold streetlights
A heavy cross you bear	No tomorrow, no dead end in sight
A stubborn heart remains unchanged	Long road to ruin (6) in your eyes
No harm, no life, no love	Under the cold streetlights
No stranger singin' in your name	No tomorrow, no dead ends
Maybe the season	For every piece to fall in place
The colors change in the valley skies	Forever gone without a trace
Dear God, I've sealed my fate	Your horizon takes its shape
Runnin' through hell, heaven can wait	No turnin' back, don't turn that page
Long road to ruin there in your eyes	Come now, I'm leavin' here tonight
Under the cold streetlights	Come now, let's leave it all behind
No tomorrow, no dead end in sight	Is that the (7) you pay
Let's say we take this town	Runnin' through hell, heaven can wait
No (2) or queen of any state	Long road to ruin there in your eyes
Get up to shut it down	Under the cold streetlights
Open the streets and raise the gates	No tomorrow, no dead ends
I know a wall to scale	Long road to ruin there in your eyes
I know a field without a name	Under the cold streetlights
Head on (3) a care	No tomorrow, no dead ends
Before it's way too late	Long road to (8) there in your eyes
Maybe the season	Under the cold streetlights
The colors change in the (4) skies	No tomorrow, no (9) end in sight
Oh God, I've sealed my fate	
Runnin' through hell, heaven can wait
