

## Fill in the gaps

| This town is (1) now, I think it's sick of us        | Something pulls my focus out                |
|--|---|
| It's time to make our move, I'm shakin' off the rust | And I'm (15) down                           |
| I've got my heart set on (2) but here                | Stop and stare                              |
| I'm staring (3) myself, (4) up                       | I think I'm (16) but I go nowhere           |
| the years  | Yeah I know (17) (18) gets                  |
| Steady hands, just take the wheel                    | scared                                      |
| Every glance is (5) me                               | But I've (19) what I can't be, oh           |
| Time to (6) one last appeal for the life I lead      | Stop and stare                              |
| Stop and stare                                       | You start to (20) why you're here not there |
| I (7) I'm (8) but I go nowhere                       | And you'd (21) anything to get what's fair  |
| Yeah I know (9) (10) gets                            | But fair ain't what you really need         |
| scared   | Oh, you don't need                          |
| But I've become what I can't be, oh                  |   |
| Stop and stare                                       | (What you need, what you need)              |
| You start to (11) why you're 'here' not there        | Stop and stare                              |
| And you'd give anything to get what's fair           | I (22) I'm moving but I go nowhere          |
| But (12) ain't what you (13) need                    | Yeah I know (23) (24)                       |
| Oh, can you see (14) I see?                          | (25) scared                                 |
| They're tryin' to come back, all my senses push      | I've become what I can't be                 |
| Untie the weight bags, I never thought I could       | Oh, do you see what I see                   |
| Steady feet, don't fail me now                       |   |
| I'm gonna run till you can't walk                    |   |
