|---|---|
| La la la la la                                    | And it may (6) cliché for me to (7)               |
| Hey hey hey                                       | say   |
| La la la la la                                    | That you're not alone (here I go again)           |
| You come from here                                | And you can call me uncool but it's a simple fact |
| I come (1) there                                  | I still got your back yeah                        |
| You (2) in your room                              | I still got your back                             |
| I rock the world premiere                         | 'Cause we're one and the same                     |
| Were more alike then anybody could ever tell      | We're (8) but ordinary                            |
| (Every tell)                                      | One ande the same                                 |

| Sometimes you rule                                | Shaking at the scene                              |
| Sometimes you can't even speak                    | We're one and the same (one one)                  |
| But we can get out and let loose and LOL (LOL)    | (Yeah, yeah)                                      |
| It may seen cliche for me to wanna say            | 'Cause we're one and the same                     |
| That you're not alone                             | We're anything but ordinary                       |
