## Candle In The Wind '97 by Elton John

## Fill in the gaps

Goodbye England's rose May you ever grow in our hearts You were the (1)\_\_\_\_\_ that placed itself Where lives were torn apart You called out to our country And you whispered to those in pain Now you belong to Heaven And the stars spell out your name And it seems to me You lived your life like a candle in the wind Never fading with the sunset When the rain set in And your footsteps will always fall here Along England's greenest hills Your candle's (2)\_\_\_\_\_ out long before Your legend (3)\_\_\_\_ will Loveliness we've lost Those empty days without your smile This (4)\_\_\_\_\_ we'll always carry For our nation's golden child Even though we try The truth brings us to tears All our words cannot express The joy you brought us through the years

And it seems to me

| You lived your (5)                       | like a candle in the wind |
|--|---------------------------|
| Never fading with the sunset             |                           |
| When the rain set in                     |                           |
| And your (6)                             | will always fall here     |
| Along England's greenest hills           |                           |
| Your candle's burned out long before     |                           |
| Your legend ever will                    |                           |
| Goodbye England's rose                   |                           |
| May you ever grow in our hearts          |                           |
| You (7) the grace                        | that placed itself        |

| Goodbye England's rose                   |                           |
| From a (8)                               | lost without your soul    |
| Who'll miss the wings of your compassion |                           |
| More than you'll ever know               |                           |
| And it seems to me                       |                           |
| You lived (9) life li                    | ke a candle in the wind   |
| Never fading with the sunset             |                           |
