And it seems to me

Fill in the gaps

Candle In The Wind '97 by Elton John

Goodbye England's rose	You lived (5) life like a candle in the wind
May you ever grow in our hearts	Never fading with the sunset
You were the grace (1) placed itself	When the rain set in
Where lives were torn apart	And your footsteps will always fall here
You called out to our country	Along England's greenest hills
And you whispered to those in pain	Your candle's burned out long before
Now you belong to Heaven	Your (6) (7) will
And the stars spell out your name	Goodbye England's rose
And it seems to me	May you ever (8) in our hearts
You lived your life like a candle in the wind	You were the grace that placed itself
Never fading with the sunset	Where (9) were torn apart
When the rain set in	Goodbye England's rose
And your footsteps will always fall here	From a country lost without your soul
Along England's greenest hills	Who'll miss the wings of your compassion
Your candle's (2) out long before	More than you'll ever know
Your legend ever will	And it seems to me
Loveliness we've lost	You lived your life like a candle in the wind
Those empty days without your smile	Never fading with the sunset
This (3) we'll always carry	When the rain set in
For our nation's golden child	And your footsteps will always fall here
Even though we try	Along England's greenest hills
The truth (4) us to tears	Your candle's burned out long before
All our words cannot express	Your legend ever will
The joy you brought us through the years
