She may be the face I can't forget	She may be the (7) that cannot (8) to
A trace of pleasure or regret	last
May be my treasure or the price I have to pay	May come to me from shadows of the past
She may be the song that summer sings	That I'll remember till the day I die
May be the chill (1) autumn brings	She
May be a hundred different things	May be the reason I survive
Within the measure of a day	The why and wherefore I'm alive
She may be the beauty or the beast	The one I'll care for through the rough
May be the famine or the feast	And ready years
May turn each day into a (2) or a hell	Me I'll take her laughter and her tears
She may be the (3) of my dreams	And make them all my souvenirs
A smile (4) in a stream	For where she goes I've got to be
She may not be what she may seem	The meaning of my life is
Inside her shell	She
She who always seems so happy in a crowd	She
Whose eyes can be so private and so proud	She
No one's (5) to see (6) when	
they cry

- 2. heaven
- 3. mirror
- 4. reflected
- 5. allowed
- 6. them
- 7. love
