Riding With The King (Cover) by B.B. King & Eric Clapton

I dreamed I had a good job and I got well paid	You can see it in his face, the blue never lie
I blew it all at the penny arcade	Tonight everybody's getting their angel wings
A hundred dollars on a kewpie doll	And don't you know we're (6) with the king?
No pretty (1) is gonna make me crawl	I stepped out of Mississippi
Get on a TWA to the promised land	When I was ten years old
Every woman, (2) and man	With a suit cut sharp as a razor
Gets a Cadillac and a great big diamond ring	And a heart made of gold
Don't you know you're riding with the king?	I had a guitar hanging just about waist high
He's on a mission of mercy to the new frontier	And I'm gonna play this thing until the day I die
He's gonna check us all on out of here	(Don't you (7) we're riding with the king?)
Up to that mansion on a hill	Don't you (8) we're riding with the king?
Where you can get your prescription filled	
	Don't you know we're riding with the king?
Get on a TWA to the (3) land	
Everybody	Riding, you're riding with the king
Everybody clap your hands	
Clap your hands	You're riding, you're riding with the king
And don't you just love the way that he sings?	
Don't you know we're riding (4) the king?	Don't you (9) we're riding with the king?
Riding (5) the king	
Don't you know we're riding with the king?
