

Fill in the gaps

As the winter winds	Yes, my heart told my head
Litter London with lonely hearts	"This (5) no, this time no"
(Oh) the warmth in your eyes	(Oh) the shame that sent me off
Swept me (1) your arms	From the God that I once loved
Was it love or fear of the cold	Was the (6) that sent me into your arms
That led us through the night?	(Oh) and pestilence is won
For every kiss	When you are lost and I am gone
Your beauty trumped my doubt	And no hope
And my head told my heart	No hope will overcome
"Let love grow"	But if your strife
But my heart told my head	Strikes at your sleep
"This time no, (2) time no"	Remember spring swaps snow for leaves
We'll be (3) and buried	You'll be happy and wholesome again
One day my girl	When the city clears and sun ascends (hey)
And the time we were given	And my head told my heart
Will be left for the world	"Let love grow"
The flesh that lived and loved	But my (7) told my head
Will be eaten by plague	"This (8) no"
So let the memories	And my head told my heart
Be good for (4) who stay	"Let love grow"
And my head told my heart	But my heart (9) my head
"Let love grow"	"This time no, this time no"
But my heart told my head	
"This time no"
