21st Century Breakdown by Green Day

Born (1) (2)	I was (3)	A worker of pride
in hell		My debt to the (16) quo
A welfare (4)	(5) the teamsters	The (17) on my hands
dwelled		And the (18) to an end
The last one born, and the first one to run		Is all that I have to show
My town was blind from (6) sun		
My generation is zero		I swalloed my pride
I never made it as a working class hero		And I choked on my faith
21st century breakdown		I've given my heart and my soul
I once was lost but never was found		I've broken my fingers
I think I am losing what's left of my mind		And lied (19) my teeth
To the 20th (7)	deadline	The (20) of (21) control
I was made of poison and b	plood	I've been to the edge
Condemnation is (8)	I understood	And I've (22) the bouquet
Videogames to the tower's fall		Of flowers left over the grave
Homeland (9) could kill us all		I sat in the waiting room
My (10) is zero		Wasting my time
I never (11) it as a working class hero		And waiting for Judgement Day
21st century breakdown		I praise liberty
I (12) was lost but never was found		The "Freedom to Obey"
I think I am losing what's left of my mind		Is the song (23) strangles me
To the (13) (14) deadline		Well, don't cross the line
We are the class of, the class of 13		(Oh) dream, America dream
Born in the era of humility		I can't (24) sleep
We are the (15) in the decline		From the light's early dawn
Raised by the bastards of 1969		(Oh) scream, America scream
My name is no one		Believe what you see
The long lost son		From heroes and cons
Born on the 4th of July		
Raised in an era of heroes	and cons
