Fill in the gaps

Until You're Mine (Live) by Demi Lovato

My state of mind	A way to fill this (5) inside
Has finally got the best of me	I can't (6) without you here by my side
need you next to me	Until you're mine
'll try to find	Not gonna be even close to complete
A way that I can get to you	I won't rest until youre mine
just (1) get to you	Mine
The world I see is perfect now	Just stop wondering
ou're all around	If we were meant to be
Vith you I can breathe	Forget about fate and (7) hold me
Until you're mine, I have to find	I'm ready to begin
A way to fill this hole inside	The (8) has to end
can't (2) without you here by my side	Right now, today
Intil you're mine	I've gotta find a way
Not gonna be even close to complete	Yeah, yeah
won't rest until you're mine	Mine
Mine	Until you're mine
Alone inside	Until you're mine
can (3) hear your voice	Without you here by my side
Ringing through the noise	Until you're mine
can't (4) my mind	Not gonna be even close to complete
Keeps on coming back to you	I won't rest Until you're mine
Always back to you	My state of mind
Vanted something out of reach	Has (9) got the best of me
t's killing me	I need you (10) to me
