Can't Fight The Moonlight by LeAnn Rimes

Under a lovers' sky	You'll surrender (10) heart
Gonna be with you	But you know, but you know that you
And no one's gonna be around	Can't fight the moonlight, no
If you think that you won't fall	You can't fight it
Well, just wait until	No (11) what you do
Till the sun goes down	The (12) is gonna get to you
Underneath the starlight, starlight	Don't try, you're (13) gonna win
There's a magical feeling so right	Underneath the starlight, starlight
It'll steal your heart tonight	There's a magical (14) so right
You can try to resist	It (15) steal your heart tonight
Try to hide (1) my kiss	You can try to resist
But you know, but you know (2) you	Try to hide from my kiss
Can't fight the moonlight, deep in the dark	But you know, but you know (16) you
You'll surrender (3) heart	Can't fight the moonlight, (17) in the dark
But you know, but you know (4) you	You'll surrender your heart
Can't fight the moonlight, no	But you know, but you (18) (19) you
You can't fight it	Can't fight the moonlight, no
It's gonna get to (5) heart	You can't (20) it
There's no escape from love	You can try to resist
Once a (6) breeze	Try to hide (21) my kiss
Weaves its spell upon your heart	But you know
No matter what you think	Don't you know (22) you can't
It won't be too long	Can't (23) the moonlight, deep in the dark
Till you're in my arms	You'll surrender your heart
Underneath the starlight, starlight	But you know, but you know that you
We'll be lost in the rhythm so right	Can't (24) the moonlight, no
Feel it (7) your heart tonight	You can't fight it
You can try to resist	It's gonna get to (25) heart
Try to hide from my kiss	
But you know, but you (8) that you	
Can't (9) the moonlight, deep in the dark
