

Fill in the gaps

(Oh) It's a mystery to me	I hope you're not lonely without me
We have a greed (1) which we have agreed	There's those thinking, more-or-less, less is more
And you think you have to want more than you need	But if less is more, how you keeping score?
Until you have it all you won't be free	Means for every point you make, your level drops
Society, you're a crazy breed	Kinda like you're starting from the top
I (2) you're not lonely without me	You can't do that
When you (3) more than you have	Society, you're a crazy breed
You think you need	I hope you're not lonely without me
And when you (4) more (5) you want	Society, crazy indeed
Your thoughts begin to bleed	I (7) you're not (8) without me
I think I need to find a bigger place	Society, have mercy on me
Because when you have more than you think	I hope you're not angry if I disagree
You need more space	Society, (9) indeed
Society, you're a crazy breed	I hope you're not lonely without me
I hope you're not lonely (6) me	
Society, crazy indeed
