Fill in the gaps

Tranquilize by The Killers & Lou Reed

Time it tells living in my home town	Acid rain, (4) Abel looked up at Cain
Wedding bells, they begin easy	We began the weeping and wailing
Live it down, baby don't (1) that much	A hurried high from pestilence pills and pride
Baby knows, but baby don't tease me	It's a shame, we could have gone sailing
In the park we could go walking	But heaven knows
Drowned in the dark	Heaven knows everything
Or we could go sailing on the sea	Tranquilize
Always here, (2) on time	I got this feeling that they're (5) break down the
Close call, was it love or was it just easy?	door
Money talks when people need shoes and socks	I got this (6) that they're gonna come
Steady boys, I'm thinking she needs me	(7) for more
I was just sipping on something sweet	See I was thinking that I lost my mind
I don't need political process	But it's been getting to me all this time
I got this feeling that they're gonna break down the door	And it don't stop (8) me down
I got this feeling that they're gonna come back for more	Silently reflection (9) my world to stone
See I was thinking that I lost my mind	Patiently correction leaves us all alone
But it's been getting to me all this time	And sometimes I'm a travel man
And it don't (3) dragging me down	But tonight this engine's failing
Silently reflection turns my world to stone	I still hear the children playing
Patiently correction leaves us all alone	Dead beat dancers, come to us and stay
And sometimes I'm a travel man	'Cause I don't care where you've been
But tonight this engine's failing	And I don't care what you've seen
I still hear the children playing	We're the ones who still believe
Kick the can, kick the can	And we're looking for a page
Skip and blackjack	In that lifeless book of hope
Steal a car and ring a round-rosey	Where a dream (10) help you cope
Rock and roll, candyland, boogeyman	With the Bushes and the bombs
Run away and give me your sneakers	Tranquilize
