

I thought I had you figured out

## Fill in the gaps

You and I walk a fragile line	Something's gone terribly wrong
I have known it all this time	You're all I wanted
But, I never (1) I'd (2) to see it	Come on, come on
break	Don't leave me like this
It's getting dark and its all too quiet	I thought I had you (7) out
And I can't (3) anything now	Can't breathe whenever you're gone
And it's coming over you like it's all a big mistake	Can't turn back now
(Oh oh) holding my breath	I'm haunted
Won't lose you again	I know, I know
Something's made (4) eyes go cold	I just know
Come on, come on	You're not gone
Don't leave me like this	You can't be gone
I thought I had you figured out	No
Something's gone terribly wrong	Come on, come on
You're all I wanted	Don't leave me like this
Come on, come on	I thought I had you figured out
Don't leave me like this	Something's gone terribly wrong
I thought I had you figured out	Won't finish what you started
Can't breathe whenever you're gone	Come on, (8) on
Can't turn back now	Don't leave me like this
I'm haunted	I thought I had you figured out
Stood there and watch you (5) away	Can't breathe whenever you're gone
From everything we had	Can't go back
But, I still mean every word I said to you	I'm haunted
He (6) try to take away my pain	
And he just might make me smile	You and I walk a fragile line
But, the whole time I'm wishing he was you instead	I have known it all this time
(Oh oh) holding my breath	But I never thought I'd see it break
Won't see you again	Never (9) I'd see it
Something keeps me holding onto nothing	
Come on, come on	
Don't leave me like this
