## Fill in the gaps

| Relaxing them                                       |
|---|
| Count from 1 to 10 and open them                    |
| All these heavy thoughts will try to weigh you down |
| But not this time                                   |
| Way up in the air                                   |
| You're finally free                                 |
| And you can stay up there                           |
| Right next to me                                    |
| All this gravity will try to pull you down          |
| But not this time                                   |
| When the sun goes down                              |
| And the lights burn out                             |
| Then it's time for you to shine                     |
| Brighter than a shooting star                       |
| So shine no matter where you are                    |
| Fill the darkest night                              |
| With a brilliant light                              |
| 'Cause it's time for you to shine                   |
| Brighter than a shooting star                       |
| So shine no matter where you are                    |
| Tonight   |
| (Wooh, wooh, wooh)                                  |
| Brighter (2) a shooting star                        |
| Shine no matter where you are                       |
| Tonight   |
| Gazing through my eyes                              |
| When the (3) starts                                 |
| And fan the flame so hot                            |
| It melt our hearts                                  |
| All the pouring rain                                |
| Will try to put it out                              |
| But not this time                                   |
| Let your colours burn                               |
| And (4) burst                                       |
| Into a million sparks                               |
| But all dispersed and illuminate a world            |
| That'll try to bring you down                       |

| But not this time                     |
|---------------------------------------|
| When the sun goes down                |
| And the lights burn out               |
| Then it's time for you to shine       |
| Brighter than a (5) star              |
| So shine no matter (6) you are        |
| Fill the darkest night                |
| With a brilliant light                |
| 'Cause it's time for you to shine     |
| Brighter than a shooting star         |
| So shine no matter where you are      |
| Tonight                               |
| (Wooh, wooh, wooh)                    |
| Brighter than a shooting star         |
| Shine no matter where you are         |
| Tonight                               |
| A thousand heartbeats beating time    |
| And makes this dark planet come alive |
| So (7) the lights flicker out tonight |
| You gotta shine                       |
| When the sun goes down                |
| And the lights (8) out                |
| Then it's time for you to shine       |
| Brighter than a shooting star         |
| So shine no matter where you are      |
| Fill the darkest night                |
| With a brilliant light                |
| 'Cause it's time for you to shine     |
| Brighter than a shooting star         |
| So (9) no matter where you are        |
| Tonight                               |
| (Wooh, wooh, wooh)                    |
| Brighter (10) a shooting star         |
| Shine no matter where you are         |
| Tonight                               |
