

## Fill in the gaps

(Way, way, way)

Breathe your smoke into my lungs
In the back of the car with you I stare into the sun
Still not too old to die young
The lovers (1) on to everything
And others (2) on to anything
I chased your love around a figure eight
I need you more than I can take
You promised forever and a day
And then you take it all away
(Way, way, way)
And then you take it all away
(Way, way, way, way)
Place a (3) on my cheekbone
Then you (4) me, I'm buried in the snow
But something tells me I'm not alone
But lovers hold on to everything
And others hold on to anything
I chased your love around a figure eight
I need you more than I can take
You (5) and a day

And then you take it all away

And then you take it all away
(Way, way, way, way)
So (7) hold on to everything
And others hold to anything
So lovers hold on to everything
And others hold to anything
I chased (8) (9) around a figure eight
I need you more than I can take
You promised forever and a day
And then you take it all away
I chased your love around a figure eight
I need you more than I can take
You promised forever and a day
And then you take it all away
(Way, way, way, way)
And then you (10) it all away
(Way way, way, way)
