Fill in the gaps

I feel so extraordinary	I used to think that the day would never come
Something's got a hold on me	I'd see (6) in the shade of the morning sun
I get this feeling, I'm in motion	My morning sun is the drug that brings me near
A sudden sense of liberty	To the childhood I lost replaced by fear
I don't care 'cause I'm not there	I used to think that the day would never come
And I don't care if I'm here tomorrow	That my life would depend on the morning sun
Again and again I've taken too much	I feel so extraordinary
Of the things that cost you too much	Something's got a hold on me
I used to think that the day would never come	I get this feeling, I'm in motion
I'd see delight in the shade of the morning sun	A sudden sense of liberty
My morning sun is the drug that brings me near	The chances are we've gone too far
To the (1) I lost replaced by fear	You took my time and you took my money
I (2) to (3) that the day would never	Now I fear you've left me standing
come	In a world that's so demanding
That my life would depend on the morning sun	I used to think that the day would never come
When I was a very small boy	I'd see delight in the shade of the morning sun
Very small boys talked to me	My (7) sun is the drug (8) brings
Now that we've grown up together	me near
They're afraid of (4) they see	To the childhood I lost, replaced by fear
That's the price that we all pay	I used to think that the day would never come
Our valued destiny comes to nothing	That my (9) (10) depend on the
I can't tell you where we're going	morning sun
I guess there was (5) no way of knowing
