

Fill in the gaps

| You are far | Strange that I was wrong enough |
|---|---|
| When I could have (1) your star | To think you'd love me too |
| You listened to people | You (14) have been (15) a foo |
| Who scared you to death and from my heart | I (16) you must (17) (18) |
| Strange (2) you were strong enough | kissing a fool |
| To even make a start | But remember this |
| You'll never find the peace of mind | Every other kiss |
| Till you (3) to (4) heart | That you'll ever give |
| People | Long as we both live |
| You can never change the way they feel | When you need the hand of (19) man |
| Better let them do just what they will | One you really can surrender with |
| For (5) will | I will wait for you |
| If you let them steal (6) (7) from you | Like I always do |
| People | There's something there |
| Will always make a lover feel a fool | That can't compare with any other |
| But you knew I loved you | You are far |
| We could (8) shown (9) all | When I could (20) been your star |
| We (10) seen love through | You listened to people |
| Fooled me with the tears in your eyes | Who (21) you to death and from my heart |
| Covered me with (12) and lies | Strange (22) I was wrong enough |
| So bye | To think you'd love me too |
| But please don't take my heart | You must (23) been (24) a foo |
| You are far | You must have been (25) a fool |
| I'm never gonna be your star | You must (26) (27) kissing |
| I'll (13) up the pieces | A fool |
| And mend my heart | |
