## You Make Me Wanna... by Usher

This is what you do, this is what you do	Start a new relationship with you, this is what you do
This is what you do, this is what (you do)	I think about her and all the things
You make me wanna leave the one I'm with	That come along with you make me (you make me)
Start a new (1) with you, this is	You (20) me wanna leave the one I'm with
what you do	Start a new relationship with you, this is what you do
I think about her and all the things	I (21) (22) her and all the things
That come along with you (2) me (you make me)	That come along with you (23) me
You (3) me wanna (4) the one I'm	You make me
with	At this point
Start a new (5) (6)	The situation's out of control
you, (7) is what you do	I never meant to hurt her but I
I (8) about her and all the things	Gotta let her go
That come along with you make me (you make me)	And she may not (24) it
Before (9) began between us	While all of this is going on
You were (10) my best friend	I tried, I (25) to fight it
The one I used to run and talk to	But the feeling's just too strong
When me and my girl was having problems	You make me, make me
You used to say it'll be OK	You make me wanna
Suggest little (11) things I (12) do	You make me wanna
And when I go home at (13) and lay my head	(You make me, make me)
down	You make me wanna
The last (14) I think about was you	You make me wanna
And how you make me wanna leave the one I'm with	(Go baby, go baby)
Start a new relationship with you, this is what you do	You make me wanna
I (15) about her and all the things	You make me wanna
That come along with you make me (you make me)	Come along with, you're making me
You make me wanna leave the one I'm with	You make me wanna leave the one I'm with
Start a new relationship with you, this is what you do	Start a new relationship with you, this is what you do
I think about her and all the things	I think about her and all the things
That come along (16) you make me (you make	That come along (26) you (27) me
me)	You make me
Now what's bad is you're the one that hooked us up	
Knowing it should've been you	
What's sad is that I (17) her but I'm falling for you	
What should I do, should I	
Tell my baby bye bye, should I	
Do exactly what I (18) inside, 'cause I	
I don't wanna go, don't (19) to stay	
But I really need to get it together	
You make me wanna leave the one I'm with
