

Fill in the gaps

Broken people get recycled	Imagine if you let go
And I hope that I will	Blame no one is to blame
Sometimes we're (1) off our pathways	As natural as the rain that falls
What I thought was my way home	Here comes the flood again
Wasn't the place I	Wash away the weight that pulls you down
No I'm not afraid of changing	Ride the waves that free from your doubts
I am certain nothing's certain	Don't (5) eyes it's easy to believe
What we own becomes our prison	them
My (2) will be gone	Know in your heart that you can leave your prison
Back to where they came from	Don't trust your mind it's not (7) listening
Blame no one is to blame	Turn on the lights and (8) the (9)
As natural as the rain that falls	rhythm
Here comes the flood again	Don't trust your eyes it's easy to believe them
See the rock (3) you hold onto	Know in (10) heart that you can leave your prison
Is it gonna save you	Blame no one is to blame
When the earth begins to crumble	As natural as the rain that falls
Why do you feel you (4) to hold on	Here comes the flood again
