

## Fill in the gaps

hold on so nervously	Well, I'm still imagining
To me and my drink	A dark little place
(1) it was cooling me	Or your place or my place
But so far has not been good	Well I'm not paralyzed but I seem to be struck by you
t's been ()	I (4) make you move
And I feel awkward as I should	Because you're standing still
This club has got to be	If your body matches what your (5) can do
The most pretentious thing	You'll probably move right through
Since I thought you and me	Me on my way to you
Well, I am imagining	Well I'm not paralyzed but I seem to be (6) by
A dark lit place	you
Or your place or my place	I wanna make you move
Well I'm not paralyzed but I seem to be (2) by	Because you're standing still
you	If your body matches what your (7) can do
wanna make you move	You'll probably move right through
Because you're standing still	Me on my way to you
f (3) body matches what your eyes can do	Not paralyzed but I seem to be struck by you
You'll probably move right through	I (8) make you move
Me on my way to you	Because you're standing still
hold out for one more drink	If your (9) matches what your eyes can do
Before I think	You'll probably (10) right through
'm looking too desperately	Me on my way to you
But so far has not been fun	You'll probably move right through
should just stay home	Me on my way to you
f one thing really means one	You'll probably move right through
This club will hopefully	Me on my way to you
Be closed in three weeks	
That would be cool with me
