## Something Beautiful by Robbie Williams

| You can't (1) a miracle                 | If you're lost, hurt, fired or lonely       |
|---|---|
| The silence was pitiful                 | Can't control it                            |
| That day                                | Try as you might                            |
| Our love is getting too cynical         | May you find that love (14) won't (15)      |
| Passion's just physical                 | you   |
| These days                              | May you (16) it by the end of the day       |
| You analyze everyone you meet           | You won't be lost, hurt, tired and lonely   |
| But get no sign, love ain't kind        | Something (17) will come your way           |
| Every night you admit defeat            | (Will come your way)                        |
| And cry (2) blind                       | Some kind of beautiful                      |
| If you can't wake up in the morning     | (Will come your way)                        |
| Cause (3) bed lies vacant at night      | Some kind of beautiful                      |
| If you're lost, hurt, tired or lonely   | (Will (18) your way)                        |
| Can't (4) it                            | Some kind of beautiful                      |
| Try as you might                        | (Will come your way)                        |
| May you (5) that love (6) won't leave   | All your friends think you're satisfied     |
| you                                     | But they can't see your soul no, no, no     |
| May you find it by the end of the day   | Forgot the time feeling petrified           |
| You won't be lost, hurt, (7) and lonely | When they lived alone                       |
| Something beautiful (8) come (9) way    | If you can't wake up in the morning         |
| The DJ said on the radio                | 'Cause your bed (19) vacant at night        |
| Life (10) be stereo                     | If you're lost, hurt, tired or lonely       |
| Each day                                | Can't control it                            |
| In the past you cast the unsuitable     | Try as you might                            |
| Instead of some kind of beautiful       | May you find that (20) that won't leave you |
| You (11) couldn't wait                  | May you find it by the end of the day       |
| All your friends think you're satisfied | You won't be lost, hurt, (21) and lonely    |
| But they can't see your soul no, no, no | Something (22) will (23)                    |
| Forgot the (12) feeling petrified       | your way                                    |
| When they lived alone                   | You won't be lost, hurt, tired and lonely   |
| If you can't (13) up in the morning     | Something (24) (25) come                    |
| Cause your bed lies vacant at night     | your way                                    |
