

## Fill in the gaps

I can't believe I had to see	The ones that killed me aint hurting you so
The (1) of my dreams cheating on me	I, I, I (15) I just gotta let it go
The pain you caused has left me dead inside	I, I should've known
I'm gonna make (2) you regret (3) night	I gotta (16) to say goodbye now
I feel you close, I (4) you breathe	I throw my armour down
And now it's like you're here	And leave the battleground
You're (5) me	For the final (17) now I, I, I know
You're out of line, you're out of sight	I'm (18) (19) a warzone
You're the reason that we started this fight	I'm (20) from a warzone
But I, I, I know I just gotta let it go	I can't do this anymore
I, I should've known	I'm (21) a warzone
I (6) to say	What are we fighting for?
(8) now	I'm (23) from a warzone
I throw my armour down	(Yeah)
And leave the battleground	I, I, I know I just gotta let it go
For the final (9) now I, I, I know	I, I should've known
I'm running from a warzone	I gotta (24) to say goodbye now
In that house, I hate that place	I throw my armour down
Everywhere I walk I see (10) face	And leave the battleground
Try to erase a memory with a flame	For the (25) time now I, I, I know
In hope I'll (11) see you again	I'm running from a warzone
Standing here in this (12) room	
You know the end could never come so soon	
It's (13) to me the (14) you used
