

## Fill in the gaps

## The Howling by Within Temptation

We've been seeing what you wanted	They're coming down the (17) from behind
Got us cornered right now	When we (18) killing
Fallen (1) from our vanity	It's all coming down (19) now
Might cost us our lives	From the (20) we've created
I hear they're (2) closer	I want to be awakened somehow
Their howls are sending (3) (4) my	(I want to be awakened right now)
spine	When we (21) killing
And (5) is (6) out now	It all will be falling down
They're coming down the hills from behind	From the hell (22) we're in
When we start killing	All we are is fading away
It's all coming down right now	When we start killing
From the nightmare we've created	When we start killing
I want to be awakened somehow	I feel they're getting closer
(I want to be awakened (7) now)	Their howls are (23) (24)
When we start killing	down my spine
It all (8) be (9) down	And time is running out now
From the hell, that we're in	They're coming down the hills from behind
All we are is (10) away	When we start killing
When we start killing	It all will be falling down
We've been searching all night long	From the hell that we're in
But there's no trace to be found	All we are is (25) away
It's (11) they all (12) just vanished	When we start killing
But I (13) they're around	When we start killing
I (14) they're getting closer	When we start killing
Their howls are sending (15) (16)	
my spine	
And time is running out now	

## 1. asleep
