The Howling by Within Temptation

We've been seeing what you wanted		They're coming down the hills from behind	
Got us cornered right now		When we (4) killing	
Fallen asleep from our vanity		It's all coming down right now	
Might cost us our lives		From the nightmare we've created	
I hear they're getting closer		I want to be (5)	_ somehow
Their howls are (1)	chills down my spine	(I want to be awakened right now)	
And time is running out now		When we start killing	
They're coming down the hills from behind		It all will be falling down	
When we start killing		From the hell that we're in	
It's all coming down right now		All we are is fading away	
From the nightmare we've created		When we start killing	
I want to be awakened somehow		When we (6) killing	
(I want to be awakened right now)		I feel they're getting closer	
When we start killing		Their howls are sending chills down my spine	
It all will be falling down		And time is (7) out now	
From the hell, that we're in		They're coming down the hills from behind	
All we are is fading away		When we start killing	
When we start killing		It all will be falling down	
We've been searching all night long		From the hell that we're in	
But there's no trace to be found		All we are is fading away	
It's like they all have just vanished		When we (8) killing	
But I know they're around		When we start killing	
I feel they're getting closer		When we start killing	
Their howls are sending chills (2) my spine			
And time is (3) out now
