

Through the wind and the rain

## Fill in the gaps

## Concrete Angel by Martina McBride

She walks to school with the lunch she packed	She stands (5) as a stone
Nobody knows what she's holding back	In a world that she can't rise above
Wearing the same dress she wore yesterday	But her dreams give her wings
She (1) the (2) with the linen	And she (6) to a place
and lace (oh)	Where she's loved
The teacher wonders but she doesn't ask	Concrete angel
It's hard to see the pain behind the mask	A statue stands in a shaded place
Bearing the burden of a secret storm	An angel girl with an upturned face
Sometimes she wishes she was never born	A name is written on a polished rock
Through the wind and the rain	A (7) heart that the (8) forgot
She stands hard as a stone	Through the wind and the rain
In a world that she can't rise above	She stands hard as a stone
But her (3) give her wings	In a (9) that she can't rise above
And she flies to a place	But her dreams give her wings
Where she's loved	And she flies to a place
Concrete angel	Where she's loved
Somebody cries in the middle of the night	Concrete Angel
The (4) hear but they turn out the light	
A fragile soul caught in the hands of fate	
When morning comes it will be too late
