

## Fill in the gaps

| Mama (1) me not to waste my life                 | And they can't detain you                    |
|--|--|
| She said spread your (2) my little butterfly     | 'Cause wings are made to fly                 |
| Don't let what they say keep you up at night     | And we don't let (11) (12) us                |
| And if they give you shhh                        | down   |
| Then they can (3) on by                          | No matter what you say it won't hurt me      |
| My feet, (4) can't touch the ground              | Don't matter if I fall from the sky          |
| And I can't (5) a sound                          | These (13) are made to fly                   |
| But you just keep on running up your mouth, yeah | I don't need no one saying                   |
| Walk, walk on over there                         | (Hey, hey, hey, hey)                         |
| 'Cause I'm too fly to care (oh yeah)             | I don't hear no one saying                   |
| Your words don't mean a thing                    | (Hey, hey, hey, hey)                         |
| I'm not listening                                | You'd better keep on walking                 |
| Keep talking, all I know is                      | I don't wanna hear (14) talking              |
| Mama told me not to waste my life                | Boy'd, you'd better keep on walking          |
| She said spread your wings my little butterfly   | I don't wanna hear (15) talking              |
| Don't let what they say keep you up at night     | Your (16) don't mean a thing                 |
| And they can't detain you                        | I'm not listening                            |
| 'Cause wings are made to fly                     | They're (17) like water off my wings         |
| And we don't let nobody bring us down            | Mama told me not to (18) my life             |
| No matter what you say it won't hurt me          | She said spread (19) (20) my little          |
| Don't matter if I fall from the sky              | butterfly                                    |
| These wings are made to fly                      | Don't let what they say keep you up at night |
| I'm firing up on that runway                     | And they can't detain you                    |
| I know we're gonna get there someday             | 'Cause wings are made to fly                 |
| But we don't need no (6) steady go, no           | And we don't let nobody (21) us down         |
| Talk, (7) (8) (9) air                            | No matter what you say it won't hurt me      |
| And I don't even care (oh yeah)                  | Don't matter if I fall from the sky          |
| Your words don't mean a thing                    | These (22) are made to fly                   |
| I'm not listening                                | And we don't let nobody (23) us down         |
| Keep talking, all I know is                      | No matter what you say it won't hurt me      |
| Mama told me not to waste my life                | Don't matter if I fall from the sky          |
| She said spread your wings my little butterfly   | These wings are made to fly                  |
| Don't let (10) they say keep you up at night     |  |
