

Fill in the gaps

The cycle repeated	You held me high
As explosions broke in the sky	And I believed (15) you told that lie
All (1) I needed	I played soldier, you played king
Was the one (2) I couldn't find	And struck me down (16) I kissed that ring
And you were (3) at the turn	You lost (17) right to (18) that crown
Waiting to let me know	I (19) you up but you let me down
We're building it up	So when you fall, I'll take my turn
To break it (4) down	And fan the flames as your blazes burn
We're (5) it up	And you were there at the turn
To burn it down	Waiting to let me know
We can't wait	We're building it up
To (6) it to the ground	To (20) it back down
The colors conflicted	We're building it up
As the (7) climbed (8) the clouds	To burn it down
I wanted to fix this	We can't wait
But couldn't (9) tearing it down	To burn it to the ground
And you were (11) at the turn	When you fall, I'll take my turn
Caught in the burning glow	And fan the flames as your (21) burn
And I was (12) at the turn	We can't wait
Waiting to let you know	To (22) it to the ground
We're building it up	When you fall, I'll take my turn
To (13) it (14) down	And fan the flames as your (23) burn
We're building it up	We can't wait
To burn it down	To burn it to the ground
We can't wait	
To burn it to the ground	
You told me yes
