

## Fill in the gaps

I (1) really feel (2) right I don't	But all I want is for you to shine
know why	Shine down on me
All I know is something wrong	Shine on this life that's burning out
Every time I look at you, you seem so alive	I know, I know, girl you got something
Tell me how do you do it, walk me through it	Shine, shine it on to me
I'm following (3) footstep	Shine down on me, I (8) feel it
Maybe on your own you (4) a cautious step	Shine on this life that's burning out
Till wanna (5) it up	Maybe on (9) own you take a cautious step
But all I want is for you to shine	Till wanna give it up
Shine down on me	But all I want is for you to shine
Shine on this life that's burning out	Shine down on me, (10) show me something
I say a lot of (6) sometimes	Shine on this life that's burning out
That don't come out right	You give me something that I never know
And I act like I don't know why	Shine, it's gonna kill me if you give something away
I guess a reaction is all I was looking for	Shine (yeaaah)
Yeah	I wanna know what's going in on your mind
You looked through me	Shine on this life that's burning out
You really knew me	
Like no one has ever looked before	
Maybe on your own you take a (7) step	
Till wanna give it up
