

Fill in the gaps

There are three words	I want your arms (13) me and I
That I've been (1) to say to you	Want (14) (15) on mine
Burns in my heart	I wanna say I love you, but
Like a fire that ain't goin' out	Baby I'm terrified
There are three words	My (16) are shaking, my heart is racing
And I want you to know (2) are true	'Cause it's something I can't hide
I need to let you know	It's something I can't deny
I wanna say I love you	So (17) I go
I wanna hold you tight	Baby I love you
I (3) (4) (5) around me and I	Take it in, (18) the air
Want your lips on mine	What is (19) to really fear
I wanna say I love you, but	I can't contain, (20) my heart's saying
Baby I'm terrified	I gotta say it out loud
My hands are shaking, my (6) is racing	I (21) say I love you
'Cause it's something I can't hide	I (22) hold you tight
It's something I can't deny	I (23) your arms around me and I
So here I go	Want your lips on mine
Baby I love you	I wanna say I love you, but
I've never said	Baby I'm terrified
These words to anyone, anyone at all	My (24) are shaking, my (25) is
Never got this close	racing
'Cause I was (7) afraid I (8) fall	'Cause it's something I can't hide
But now I know	It's something I can't deny
That I'll fall right into (9) arms	So here I go
Don't ever let me go	Baby I love you
I wanna say I (10) you	
I (11) (12) you tight
