## All I Want by A Day To Remember

		All I want is a (16) to (17) my owr
l'm (1) (2)	my lungs	To mend the hearts of everyone who feels alone
out		You (18) to (19) your hopes up high
'Til my head starts spinning		And your head down low
Playing my songs is the way I cope with life		All I want is a place to call my own
Won't (3) my voice down		To mend the hearts of everyone who feels alone
Know the (4) I speak		You know to keep your hopes up high
Are the (5) I think out loud		And your head down low
I like to keep things honest		If you take it from me
I'm a safe bet like your life's staked on it for real		Live your life for yourself
I'd hate to keep you all wondering		'Cause when it's all said and done
I'm constant like the seasons		You don't need anyone else c'mon
I will never be forgotten man		So let's get (20) to when
Let's leave no words unspoken		Everything seemed perfect
And save regrets for the broken		Not a worry in the world
Will you even look back		Tell me was this all worth it?
When you (6) of me?		I get what I want so everyone's always judging me
All I want is a (7) to call my own		I'm not afraid of anything
To mend the (8) of everyone who fee	els alone	And I've got the whole world in front of me
(Whoa)		All I (21) is a place to call my own
You know to keep your hopes up high		To mend the hearts of everyone who feels alone
And your head down low		You know to keep your hopes up high
Keep your hopes up high and your head down low		And your head down low
Still got something left to prove		All I (22) is a place to (23) my own
It tends to (9) things movin'		To (24) the hearts of everyone who feels alone
While (10) (11)	me says	You know to keep (25) hopes up high
My last days are (12) overhead		And your head (26) low
But just what the hell do they think (13) kr	now?	Keep your heads down low
I keep my head above the water		Keep (27) heads down low
While (14) drown in the undertow		Keep your hopes up high
Let's leave no words unspoken		Keep your heads down low
And save regrets for the broken		
Will you (15) look back
