All T Want by A Day To Remember

Fill in the gaps

	All I want is a place to call my own	
I'm always screaming my lungs out	To mend the hearts of (6)	who feels
'Til my head starts spinning	alone	
Playing my songs is the way I cope with life	You know to keep your hopes up high	
Won't keep my voice down	And (7) head down low	
Know the words I speak	All I want is a place to call my own	
Are the thoughts I think out loud	To mend the hearts of everyone who feels alone	
I like to keep things honest	You know to keep your hopes up high	
I'm a safe bet like your life's staked on it for real	And your head down low	
I'd (1) to keep you all wondering	If you take it from me	
I'm constant like the seasons	Live your life for yourself	
I (2) never be forgotten man	'Cause when it's all said and done	
Let's leave no words unspoken	You don't need anyone else c'mon	
And save (3) for the broken	So let's get back to when	
Will you (4) look back	Everything seemed perfect	
When you think of me?	Not a worry in the world	
All I want is a place to call my own	Tell me was this all worth it?	
To mend the hearts of everyone who feels alone	I get what I want so everyone's always judging me	
(Whoa)	I'm not afraid of anything	
You know to keep your hopes up high	And I've got the whole world in front of me	
And your head down low	All I want is a place to call my own	
Keep your hopes up high and your head down low	To mend the hearts of everyone who feels alone	
Still got something left to prove	You (8) to keep your hopes up high	
It tends to keep things movin'	And your (9) down low	
While everyone around me says	All I want is a place to call my own	
My last days are looming overhead	To mend the hearts of everyone who feels alone	
But just what the hell do they think they know?	You know to keep your hopes up high	
I keep my head above the water	And your (10) down low	
While they drown in the undertow	Keep your heads down low	
Let's (5) no words unspoken	Keep your heads down low	
And save regrets for the broken	Keep your hopes up high	
Will you even look back	Keep your heads down low	
When you think of me?
