Dog Days Are Over by Florence + The Machine

Happiness hit her like a train on a track	Happiness hit her like a bullet in the back
Coming towards her	Struck from a great height
Stuck still no (1) back	By someone who should (6) better than that
She hid around (2) and she hid under beds	The dog (7) are over
She killed it with kisses and (3) it she fled	The dog days are done
With every bubble she sank with her drink	Can you hear the horses?
And washed it away (4) the kitchen sink	'Cause (8) they come
The dog days are over	Run fast for your mother
The dog days are done	Run fast for your father
The horses are coming	Run for your children
So you better run	For your sisters and brothers
Run fast for your mother	Leave all (9) love and your longing behind
Run fast for your father	You can't carry it with you if you want to survive
Run for your children	The dog days are over
For your sisters and brothers	The dog days are done
Leave all your love and your longing behind	Can you hear the horses?
You can't carry it with you if you want to survive	'Cause here they come
The dog days are over	The dog days are over
The dog days are done	The dog days are done
Can you hear the horses?	The horses are coming
'Cause here they come	So you better run
And I never wanted anything from you	
Except everything you had	
And what was left (5) that too (oh)
