

## Fill in the gaps

Passion is sweet	In your deepest sleep what
Love makes weak	Are you dreaming of
You said you (1) (2)	My skin's still (15) from your touch
so	(Oh) I just can't get (16) I
You (3) to let it go	Said I wouldn't ask for much
Follow your fate	But your (17) are dangerous so
Love and hate	The (18) keeps (19) i
Never fail to seize the day	my head
But (4) give yourself away	Can we drop this masquerade
(Oh) when the night falls	I can't (20) where it ends
And (5) all alone	If your the rock I'll crush against
In your deepest sleep what	My soul my heart
Are you dreaming of	If you're (21) if you're far
My skin's (6) burning from your touch	My (22) my love
(Oh) I just can't get enough I	You can (23) it all
Said I wouldn't ask for much	
But (7) eyes are dangerous so	(Oh) when the night falls
The thought keeps spinning in my head	And your all alone
Can we (8) this masquerade	In (24) deepest sleep what
I can't predict (9) it ends	Are you dreaming of
If your the rock I'll (10) against	My skin's still burning (25) your touch
Trapped in a crowd	(Oh) I just can't get enough I
The music is loud	Said I wouldn't ask for much
I said I love my freedom to	But your eyes are dangerous so
Now I'm not (11) I do	The thought keeps spinning in my head
All (12) on you	Can we drop this masquerade
Rings so true	I can't predict (26) it ends
Better (13) while you're ahead	If your the (27) I'll crush against
Now I'm not so (14) I am	(Oh) if your the rock I'll crush against
(Oh) when the night falls	
And your all alone
