At the end of day		Now his love's a mem	nory
Gazes the horizon (1) seawinds in his face		A ghost in the fog	
Tempest-tossed island		He sets the sails one last time saying	
Seasons all the same		Farewell to the world	
Anchorage (2)	and a ship without a	Anchor to the water	
name		Seabed far below	
Sea without a shore for the banished one unheard		Grass still in his feet	
He lightens the (3) light	at the end of world	And a (8)	_ beneath his brow
Showing the way, lighting (4)	in their hearts	This is for long-forgotten	
The ones on their (5)	homeward from afar	Light at the end of the world	
This is for long-forgotten		Horizon crying	
Light at the end of the world		The tears he left behind so long ago	
Horizon crying		So long ago	
The tears he (6) behind long ago		So long ago	
The (7) is flying		This is for long-forgotten	
Making him daydream		Light at the end of the world	
The time before he became		Horizon crying	
One of the world's unseen		The tears he left behind so long ago	
Princess in the tower		So long ago	
Children in the fields			
Life gave him it all			
An island of the universe
