

It's four for the times you've been faking

## Fill in the gaps

| (YO, YO)                                  | All rise (I'm gonna tell it to your face)                  |
|---|--|
| Your honor please                         | All rise   |
| Gotta believe what I say                  | (I rest my case)   |
| What I will tell                          | So step back   |
| Happened just the other day               | 'Cause you don't know this cat                             |
| I must confess                            | I (7) deep down that                                       |
| 'Cause I had about enough                 | You don't want me to react                                 |
| I need your help                          | I lay low  |
| Gotta (1) this here thing stop            | Leaving all my options open                                |
| Baby I (2) I tell the truth               | The decision of the jury has not been spoken               |
| About all the things you used to do       | Step in my house   |
| And if you thought you had me fooled      | You find that (8) stuff has gone                           |
| I'm tellin' you now                       | But in reality to whom does the stuff belong?              |
| Objection overruled                       | I bring you into court                                     |
| Here we go, oh baby                       | To preach my order   |
| One for the (3) and the free rides        | And you know that  |
| It's two for the lie that you denied      | You overstep the border (Uhuh)                             |
| All rise                                  | One for the money and the free rides                       |
| All rise                                  | It's two for the lie that you denied                       |
| Three for the calls you've been making    | All rise   |
| It's four for the times you've (4) faking | All rise   |
| All rise (I'm gonna tell it to your face) | Three for the calls you've been making                     |
| All rise                                  | It's four for the times you've been faking                 |
| (I rest my case)                          | All rise   |
| You're on the stand                       | All rise   |
| With your back against the wall           | One for the money and the free (9) (what you               |
| Nowhere to run                            | say)   |
| And nobody you can call                   | It's two for the lie that you denied (games you pay)       |
| Oh no                                     | All rise (what you've done?)                               |
| I just can't wait                         | All rise   |
| Now the case is open wide                 | Three for the calls you've been making (what you say)      |
| You'll try to pray                        | It's four for the times you've been faking (games you pay) |
| But the (5) (6) decide                    | All rise (what you've done?)                               |
| Baby I swear I tell the truth             | All rise (where you've gone?)                              |
| About all the things you used to do       | One for the money and the free rides                       |
| And if you thought you had me fooled      | It's two for the lie that you denied                       |
| I'm tellin' you                           | All rise   |
| Objection overruled                       | All rise   |
| Oh baby                                   | Three for the (10) that you've, been making                |
| One for the money and the free rides      | It's four all the time you've been faking (I said)         |
| It's two for the lie that you denied      | All rise   |
| All rise                                  | All rise   |
| All rise                                  | (I rest my case)   |
| Three for the calls you've been making    |  |
|   |  |

- 1. make
- 2. swear
- 3. money
- 4. been
- 5. jury
- 6. will
- 7. know
- 8. your
- 9. rides
- 10. calls
