## Set Fire To The Rain (Live) by Adele

| l let it fall, my heart                   | Watched it (5) as I touched your face        |
|---|--|
| And as it fell, you rose to claim it      | Well, it burned (6) I cried                  |
| It was dark and I was over                | 'Cause I heard it screaming out your name    |
| Until you kissed my lips and you saved me | Your name                                    |
| My hands they were strong                 | I set fire to the rain                       |
| But my knees were far too weak            | And I threw us into the flames               |
| To stand in your arms                     | Well, it felt something died                 |
| Without falling to your feet              | Cause I knew that (7) was the last time      |
| But there's a side, to you                | The last time                                |
| That I never knew, never knew             | Sometimes I wake up by the door              |
| All the (1) you'd say                     | That heart you caught must be waiting for ya |
| They were never true, never true          | Even now when we're already over             |
| And the games you'd play                  | I can't help myself from (8) for ya          |
| You would always win, always win          | I set fire to the rain                       |
| But I set fire to the rain                | Watched it pour as I touched your face       |
| Watched it pour as I touched your face    | Well, it burned while I cried                |
| Well, it (2) while I cried                | 'Cause I heard it screaming out your name    |
| Cause I heard it screaming out (3) name   | Your name                                    |
| Your name                                 | I set fire to the rain                       |
| When I lay, (4) you                       | And I threw us (9) the flames                |
| I could stay there, close my eyes         | Well, it felt something died                 |
| Feel you here forever                     | 'Cause I knew that that was the (10) time    |
| You and me together, nothing is better!   | The last time                                |
| Cause there's a side, to you              | Oh oh oh oh                                  |
| That I never knew, never knew             | Let it burn                                  |
| All the things you'd say                  | Oh oh oh oh                                  |
| They were never true, never true          | Let it burn                                  |
| And the games you'd play                  | Let it burn                                  |
| You would always win. always win          |  |
