## Ever Dream (Live) by Nightwish

## Fill in the gaps

Ever felt away with me	Ever felt av
Just (1) that all I need	My love, it
Entwined in finding you one day	Ever drear
Ever felt away without me	Your beau
My love, it lies so deep	In this whit
Ever dream of me	(Dream of
Would you do it with me?	Ever felt av
Heal the scars and change the stars	Just once
Would you do it (2) me	Entwined i
Turn loose the heaven within	Ever felt a
I'd take you away	My love, it
Castaway on a lonely day	Ever drear
Bosom for a teary cheek	Ever felt a
My song can but (3) your grace	Just once
Ever felt away with me	Entwined i
Just once that all I need	Ever felt a
Entwined in finding you one day	My love, it
Ever felt away without me	Ever drear
My love, it lies so deep	(Dream of
Ever dream of me	Ever felt a
(Dream of me)	Just once
Come out, come out, (4) you are	Entwined i
So lost in your sea	Ever felt av
Give in, (5) in for my touch	My love, it
For my taste, for my lust	Ever drear
Ever felt away with me	
Just (6) that all I need	
Entwined in finding you one day
