

Fill in the gaps

Fine by Whitney Houston

It's Fine

Fine, fine, fine, fine, fine

It's alright

Had a dream last night

That the world stopped turning

But your madness, it kept on

Guess I wasn't too bright

And I really wasn't learning

Should have seen it all along

All those sweet (sweet), sweet kisses (yeah)

And those sweet (sweet) red roses (yeah)

They (1)_____ me that it was you

I made you (you) exclusive (yeah)

Now it's so (now (2)_____ conclusive that) conclusive

That you wasn't doing it too

If you'd told me from the start that you're playing

Around it would have been fine

It would have been fine

Then I (3)_____ have played too and I guess

I would have had a good time...

If you'd told me (4)_____ the (5)_____ that you're playing

Around it would have (6)_____ fine...

Then I would have played too and I guess

I would have had a good time...

Something didn't (7)_____ right

And I wish I (8)_____ it

I just could not see your games...

I got respect for you

And you put me (9)_____ it

Fill in the gaps

Why would you bring me so much pain

I would stil love for you, 'cause I did adore you

While my dogs would chew you out

Tried to be so nice on those lonely nights

(On those lonely, lonely, lonely nights)

But I should have figured you out

If you'd told me from the start that you're playing

Around it would have been fine

It would have (10)_____ fine

Then I would have played too and I guess

I would (11)_____ had a good time

I (12)_____ (13)_____ had a good time

If you'd told me (14)_____ the (15)_____ that you're playing

Around it would have been fine

It (16)_____ (17)_____ been you baby

Then I would have played too and I guess

I would have had a good time

If you'd told me from the start that you're playing

Around it would have been fine

If you told me

Then I would have played too and I guess

I would have had a good time

Feel good time, feel good time

Feel good time, feel good time

If you'd (21)_____ me from the (22)_____ that you're playing

Around it would have (23)_____ fine
