

Fill in the gaps

	But my feelings for you are forever
In the brightest hour	One last kiss
Of my darkest day	Before I go
I realized	Dry your tears
What is wrong with me	It is time to let you go
Can't get (1) you	One last kiss
Can't get (2) to you	(One last kiss)
It's been a helter-skelter romance (3) the start	Before I go
Take these memories	(Before I go)
That are haunting me	Dry your tears
Of a paper man cut into shreds	(Dry your tears)
By his own pair of scissors	It is time to let you go
He'll never forgive her	Because days come and go
He'll never forgive her	But my feelings for you are forever
Because days come and go	Because days come and go
But my feelings for you are forever	But my feelings for you are forever
Because days come and go	One last kiss
But my feelings for you are forever	(One last kiss)
Sitting by the (4) on a lonely night	Before I go
Hanging over from another good time	(Before I go)
With another girl, little (5) girl	Dry your tears
You should listen to this story of a life	(Dry (9) tears)
You're my heroin	It is time to let you go
In this (6) I'm lonely	One last kiss
Fullfilling my darkest dreams	Before I go
All these drugs, all these women	Dry your tears
I'm never forgiving	It is (10) to let you go
This broken (7) of mine	One last kiss
Because (8) come and go	
But my feelings for you are forever	
Because days come and go
