

Fill in the gaps

Christmas Lights (Live) by Coldplay

Christmas night	Still waiting for the snow to fall
Another fight	It doesn't (4) (5) like Christmas at
Tears we cried a flood	all
Got all kinds of poison in	Those Christmas lights
Poison in my blood	Light up the street
I (1) my feet	Down where the sea and city meet
To Oxford Street	May all (6) troubles soon be gone
Just try to right a wrong	Oh Christmas lights keep shining on
Walk away	Those Christmas lights
Those windows say	Light up the street
But I can't believe she's gone	Maybe they'll bring her back to me
When you're still waiting for the snow to fall	Then all my troubles will be gone
Doesn't really feel like Christmas at all	Oh Christmas lights keep shining on
Up above candles on air flicker	(Oh oh oh oh oh oh)
Oh they flicker and they float	Those (7) lights
But I'm up here holding on	Light up the street
To all those chandeliers of hope	Light up the fireworks in me
Like some drunken Elvis singing	May all your troubles soon be gone
I go singing out of tune	Oh Christmas lights (8) on
Saying how I always loved you darling	Happy Christmas everybody
And I (2) will	
Oh when you're still waiting for the snow to fall	
Doesn't really feel (3) Christmas at all
