### Talking To The Moon (Cover) by Jason Chen

I know (1) somewhere out there	Someone's talking back
Somewhere far away	They're talking back (oh)
I (2) you back	At night when the stars light up my room
I want you back	I sit by myself
My neighbors think I'm crazy	Talking to the moon
But they don't understand	Try to get to you
You're all I have	In (6) you're on the (7) side
You're all I have	Talking to me too
At night when the stars light up my room	Or am I a fool
I sit by myself	Who (8) alone
Talking to the moon	Talking to the moon
Try to get to you	(Ah ah ah)
In hopes you're on the other side	Do you ever hear me calling?
Talking to me too	(Ah ah ah)
Or am I a fool	'Cause every night
Who (3) alone	I'm talking to the moon
Talking to the moon?	Still trying to get to you
(Ah ah ah)	In hopes you're on the (9) side
I'm feeling (4) (5) famous	Talking to me too
The talk of the town	Or am I a fool
They say I've gone mad	Who sits alone
Yeah I've gone mad	Talking to the moon
But they don't know what I know
