

## Fill in the gaps

I know a girl	Girls become lovers who turn into mothers
She puts the color inside of my world	So (12) be good to (13)
She's just (1) a maze	daughters, too
Where all of the (2) all continually change	Boys, you can break
And I've done all I can	You'll (14) out how much they can take
To stand on her steps with my (3) in my hands	Boys will be strong and boys soldier on
Now I'm starting to see	But (15) would be gone without warmth from
Maybe it's got (4) to do with me	A woman's good, good heart
Fathers be (5) to (6) daughters	On (16) of (17) man
Daughters will (7) (8) you do	Looking out for every girl
Girls become lovers who (9) into mothers	You are the (18) and the (19) o
So (10) be good to your daughters, too	her world
(Oh) You see that skin?	So fathers be good to your daughters
It's the same she's been standing in	Daughters will love like you do
Since the day she saw him (11) away	Girls (20) lovers who turn into mothers
Now she's left cleaning up the mess he made	So mothers be good to your daughters, too
So fathers be good to your daughters	So (21) be good to (22)
Daughters will love like you do	daughters, too
	So (23) be good to your daughters, too
