

Fill in the gaps

I dance around this empty house	I'm gonna burn it down, down, down
Tear us down	This (12) to be a funhouse
Throw you out	But now it's (13) of evil clowns
Screaming (1) the halls	It's (14) to start the countdown
Spinning all around and now we fall	I'm gonna burn it down, down, down
Pictures (2) up the past	I'm gonna burn it down
Your (3) (4) behind the	Nine, eight, seven
glass	Six, five, four, three, two, one
This museum full of ash	Fun
Once a tickle	Oh
Now a rash	I'm crawling (15) the (16)
This used to be a funhouse	door
But now it's (5) of (6) clowns	My key don't fit my life no more
It's (7) to start the countdown	I'll (17) the drapes
I'm gonna (8) it down, down, down	I'll (18) the plates
I'm gonna burn it down	I'll find a new place
Nine, eight, seven	Burn this (19) down
Six, five, four, three, two, one, fun	(Do do do do dodo do)
Echoes knocking on locked doors	(Do do do do dodo do)
All the laughter from before	(Do do do do dodo do)
I'd rather live out on the street	(Do do do dadadada)
Than in this haunted memory	Nine, eight, seven
I've called the movers	Six, five, four, three, two, one
Called the maids	This used to be a funhouse
We'll try to exorcise (9) place	But now it's full of evil clowns
Drag my mattress to the yard	It's (20) to (21) the countdown
Crumble tumble	I'm gonna (22) it down, down, down
This used to be a funhouse	I'm gonna burn it down
But now it's (10) of evil clowns	
It's time to (11) the countdown
