

## Fill in the gaps

She's blood, flesh and bone	High above me, she's so lovely
No tucks or silicone	She's so high
She's touch, smell, sight, taste and sound	Like Cleopatra, Joan of Arc, or Aphrodite
But somehow I can't believe	She's so high
That anything should happen	High above me
I know where I belong	She comes to speak to me
And nothing's (1) happen	I freeze immediately
Yeah, yeah	'Cause what she (5) sounds so unreal
'Cause she's so high	But somehow I can't believe
High (2) me, she's so lovely	That anything should happen
She's so high	I (6) where I belong
Like Cleopatra, Joan of Arc, or Aphrodite	And nothing's (7) happen
She's so high	Yeah, yeah, yeah
High above me	'Cause she's so high
First class and (3) free	High above me, she's so lovely
She's (4) society	She's so high
She's got the best of everything	Like Cleopatra, Joan of Arc, or (8) (oh
What could a guy like me	yeah)
Ever really offer?	She's so high
She's perfect as she can be	High above me
Why should I even bother?	
'Cause she's so high
